WOKE US UP FOR FACTS.

The Dunlap Tribune charges half price for obituaries.—Sequatchie Valley News.

Since you have mentioned it and we come to think of it, that is entirely too cheap. But they don't want to pay that much and some have the cheek and gall to ask that they be printed free. Say, Bill, let's go up to Tracy City Mrs. Grundy's price, which is \$100 for a card of thanks or an obituary. See last week's issue. And say, Bill, while we are on prices, how many more times are you going to run that kodakadd for that Birmingham firm for the price of one insertion?—Dunlap Tribune.

What does a little four-line ad amount to during these piping times of democratic prosperity, if overrun a time or two? Since you have mentioned it, what about the advertising on the patent side of your sheet. Last week you carried 132 inches of advertising, or more than half of the total space of the two inside pages of the Tribune. You do not get anything for this advertising, but somebody does. Now to the point. This democratic government is throttling the newspapers with a lot of absurd regulations and laws, and one of them is the zone system of charging for both reading matter and advertising. Do you figure this out weekly and pay the tax on it by zones. Beginning this month it goes much higher, and must mean considerable revenue to the government in a year. If you do not pay any tax, does your ready print house pay the tax? We do not believe it does, for it is in favor of the zone system being retained. If neither it nor you pay the tax, the government is losing revenue from the Tribune. See the point?

Another point, we have discovered that you can't get a fair rate from the zone system. If you send ONE paper into certain zones, and report it—like an honest man—you can't get enough out of the subscription to pay the postage, for you are taxed a full pound rate for the reading matter into that zone and a full pound rate for the advertising matter into that zone, and no fractions are allowed to the publishers. That's some more democratic law for you in this land of the free and none of the brave.

Are the newspapers of the country—the democratic ones, particularly—observing this law? Or is it a law for papers which are NOT democratic only? We understand that there is a paper in this valley, which, if its subscription lists were examined by a postoffice inspector, would have only a very small amount of paid subscriptions to show, and it carries an enormous amount of advertising.

The country has returned to 2-cent postage, and another grand old democratic measure sinks into the discard, a regular business deadener. A movement is now on foot to make it penny postage, a republican measure.

The Ga-lorious Fourth tomorrow.

"Dry Law is Driving Aliens Away." Government Finds.—Headline.

If so, that is an extra benefit. Fill an alien full of whiskey and he is ready to do anything mean. If prohibition is going to be the cause of moving aliens, or people who love this country only for the money they can get out of it, it is a good law.

In Roumania the dog is styled "the friend of the sheep." In Tennessee the opinion is different—among the legislators. It appears to be a matter of dog education.

BROUGHT HIM FROM "T. B." CAMP

J. W. Scarborough was brought here Sunday by his brother, J. E. Scarborough, who went to New Mexico after him last week. He was a soldier, and contracted tuberculosis in camp, and was sent to the tuberculosis camp at Ft. Stanton, N. M., but the surroundings were so depressing his relatives determined to move him here and try this climate. There is marked improvement in his condition since coming here, and it is understood that he intends to try camp life in the pine woods of Cumberland. With him also were his father, J. D. Scarborough, of Bellezoni, Miss., who is manager of a great stove industry there, and another brother, O. S. Scarborough, of College, Tenn.

A. J. Martin, of Reform, Ala., which ought to be a good place to live in, judging by the name, subscribes for the News for one year.

John Curtis, of Jasper, deputy register, was here yesterday.

Child Badly Hurt by Fall From Tree

Treva Shirley, the ten-year-old daughter of Mr. and Mrs. Claud Shirley, of Red Hill, was badly hurt by a fall from a tree Sunday. She was in a hickory tree some twenty feet from the ground when she lost her hold and fell to the ground. No limbs were broken, but she received internal injuries that necessitated the calling of two doctors to attend her.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists. 75c. Keep Well

Do not allow the poisons of undigested food to accumulate in your bowels, where they are absorbed into your system. Indigestion, constipation, headache, bad blood, and numerous other troubles are bound to follow. Keep your system clean, as thousands of others do, by taking an occasional dose of the old, reliable, vegetable, family liver medicine.

Thedford's

Black-Draught

Mrs. W. F. Pickle, of Rising Fawn, Ga., writes: "We have used Thedford's Black-Draught as a family medicine. My mother-in-law could not take calomel as it seemed too strong for her, so she used Black-Draught as a mild laxative and liver regulator. We use it in the family and believe it is the best medicine for the liver made." Try it. Insist on the genuine—Thedford's. 25c a package. B-75
